

## CHARACTER PROFILES

Round 1		
Person A	Person B	Person C
I enjoy reading mystery novels, watching crime documentaries, and observing human behavior. My friends often describe me as curious, analytical, and detail-oriented. What I'm studying involves using scientific techniques to investigate crimes and analyze evidence, which perfectly aligns with my passion for solving complex cases.	I love watching films, storytelling, and experimenting with different camera techniques. My friends often describe me as creative, detail-oriented, and enthusiastic. What I'm studying focuses on creating and producing films using advanced digital technology, which allows me to bring my artistic visions to life.	I love figuring out how things work and putting them together—especially when I get to use tools or my hands. My friends often describe me as creative, hardworking, and detail-oriented. What I'm studying focuses on designing, planning, and building things. I get to see how math is used in real ways, which allows me to turn my ideas into reality.
Round 2		
Person A	Person B	Person C
I love experimenting with flavors and creating delicious dishes. My friends describe me as creative, detail-oriented, and always eager to learn new things. What I'm studying focuses on perfecting various techniques in the kitchen. When I'm not cooking, I love exploring new restaurants and trying out different cuisines.	I'm fascinated by the workings of governments. My friends often say I'm analytical, articulate, and passionate about social justice. What I'm studying focuses on the details of political systems and the impact of legislation on society. When I'm not buried in books, I enjoy debating current events and volunteering for community projects.	I've always been curious about how the human body works and how we can use technology to help people feel better. My friends often say I'm caring and a problem-solver. What I'm studying focuses on technology used to provide critical insights into patient health. When I'm not studying, I enjoy yoga and capturing details through photography.

Round 3		
Person A	Person B	Person C
<p>I'm interested in medical operations running smoothly and efficiently. My friends describe me as detail-oriented, reliable, and always calm under pressure.</p> <p>What I'm studying focuses how to prepare surgical instruments and support the surgical team during procedures. When I'm not studying, I enjoy reading medical thrillers.</p>	<p>I'm interested in the legal system and working toward a fair and just society.</p> <p>My friends often say I'm analytical, empathetic, and dedicated to making a difference. What I'm studying focuses on law, court procedures, and rehabilitation programs. When I'm not studying, I enjoy volunteering at local community centers.</p>	<p>I'm interested in farming and the business side of producing food and other agricultural products. My friends describe me as hardworking, with a brain for numbers and a heart for helping people. What I'm studying focuses on how prices change and sustainable farm practices. When I'm not studying, I enjoy spending time in wide-open spaces.</p>
