A GUIDE FOR STUDENTS: SHOULD I USE AI?

Why do you want to use AI?

I want it to...

Help me get started on an assignment or brainstorm.

Edit an assignment I did and suggest changes.

Explain something to me.

resources and quotes to use on an assignment.

Do an assignment for me.

This is likely an academically honest use of AI, but follow these best practices. ****

This is likely an academically honest use of AI, but consider using a generative search tool for better results.

This is not an academically honest use of AI. Try another approach or ask your teacher for help.

Check with your teacher and school policies to make sure this is okay.

Pick the right tool for the assignment. Consider the AI tools found at k20.ou.edu/aitoolbox as a starting point.

Fact-check any information or resources the tool gives you.

Cite the tool and explain how you used
