

### 3-2-1

Based on what you have learned so far, answer the following questions.

**3**

What are three inferences you can make about the animal you chose to investigate?

---

---

---

---

---

---

**2**

What are two things you found interesting about the animal you chose to investigate?

---

---

---

---

---

---

**1**

Describe one modern-day animal that you think might be related to the animal you chose to investigate. Be sure to explain your answer.
