

## PAINTING A PICTURE CHART: TEACHER'S NOTES

	Observations (What do you see?)	Inferences (Based on what you see, what can you infer about Mansa Musa's legacy?)
<b>Image Set 1</b>	<i>An atlas is shown with what appears to be roads or routes of some kind. People are pictured on the atlas. Mansa Musa is pictured on a chair while holding a scepter and a piece of gold.</i>	<i>This atlas might have been used for trade and important people of different regions were included which means Mansa Musa was known in different parts of the world.</i>
<b>Image Set 2</b>	<i>Two large buildings made of mud are shown.</i>	<i>These buildings might have been built during Mansa Musa's reign.</i>
<b>Image Set 3</b>	<i>Several old manuscripts are shown that focus on different subject areas such as math, astronomy, religion and trade work.</i>	<i>Maybe Mansa Musa wrote these manuscripts or had people write them.</i>
