

GROUP WORK RUBRIC

Member Names _____ Hour _____ Teacher _____

CATEGORY	3	2	1
QUALITY OF WORK	The final product is representative of the highest quality of work, and the assignment is complete.	The final product is adequate but is not representative of the best effort of the group.	The final product has numerous errors or is incomplete.
COOPERATING WITH OTHERS	Group members work together well, listen to each other, compare information, and share the work load equally.	Most of the group members listen to each other and share information, but the work load was not shared equally by all group members.	The group does not listen to each other and does not share the work load equally.
USE OF CLASS TIME/ TIME MANAGEMENT	The group usually use time well throughout the project and made good use of class time through a shared group effort.	The group did not use class time to their full advantage in completing the product, but overall, the group met the deadlines for the assignment.	The group did not make use of class time well in assigning tasks and completing the product. The group did not complete the product by the assignment's deadline.
