

## CHEMICAL EQUATIONS CHAT STATIONS – CHEMISTRY

Identify the type of reaction and write out the equation (include reactants and products). You may choose to balance the equation for extra points.

<u>Station</u> Types of Reaction	<u>Draw</u> Arrangement of Lewis Dots Structure	<u>Equation</u> Write the formula with reactants and products.	<u>Balance the Equation</u>
<b>Station 1:</b> _____			
<b>Station 2:</b> _____			
<b>Station 3:</b> _____			
<b>Station 4:</b> _____			
<b>Station 5:</b> _____
