**STATION 9: Collecting Data Like a Paleontologist**

1. Name of Specimen \_\_\_\_\_

2. Location fossil was found \_\_\_\_\_

3. Length of the skull in cm \_\_\_\_\_

4. Width of the skull in cm \_\_\_\_\_

5. Skull features: Rings or curves on it? Describe

6. Where are the eyes placed? \_\_\_\_\_

7. What are the distances between ridges? Use cm or mm

- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_

8. Other notes or observations

## STATION 8: Structure and Function

- \_\_\_\_\_ (write specimen name)

*Prediction about the advantage of eye placement.*

---

---

---

---

---

---

---

---

## STATION 1: Similarities and Differences

---

---

---

---

---

---

---

---

## STATION 6: Structure and Function

- \_\_\_\_\_ (write specimen name)

*Prediction about the advantage of eye placement.*

---

---

---

---

---

---

---

---

## STATION 3: Inferences Based on Evidence

- *Apatosaurus and Ichthyosaur vertebra*

**Observations:**

---

---

---

---

---

---

---

**Inferences:**

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

## ESTACIÓN 9: Reuniendo Datos Como Paleontólogos

1. Nombre del Espécimen \_\_\_\_\_
2. Lugar donde se encontró el fósil \_\_\_\_\_
3. Longitud del cráneo en cm \_\_\_\_\_
4. Anchura del cráneo en cm. \_\_\_\_\_
5. Rasgos del cráneo: ¿Tiene anillos o curvas? Descríbelo.

6. ¿Dónde están situados los ojos? \_\_\_\_\_
7. ¿Cuáles son las distancias entre las crestas? Usa cm o mm
  - \_\_\_\_\_
  - \_\_\_\_\_
  - \_\_\_\_\_

8. Otras notas u observaciones

## ESTACIÓN 8: Estructura y Función

- \_\_\_\_\_ (escribe el nombre del espécimen)

*Predicción sobre la ventaja de la posición de los ojos.*

---

---

---

---

---

---

---

---

## ESTACIÓN 1: Similitudes y Diferencias

---

---

---

---

---

---

---

---

## ESTACIÓN 6: Estructura y Función

- \_\_\_\_\_ (escribe el nombre del espécimen)

*Predicción sobre la ventaja de la posición de los ojos.*

---

---

---

---

---

---

---

---

## ESTACIÓN 3: Inferencias Basadas en Evidencia

- *Vértebra de Apatosaurio e Ictiosaurio*

**Observaciones:**

---

---

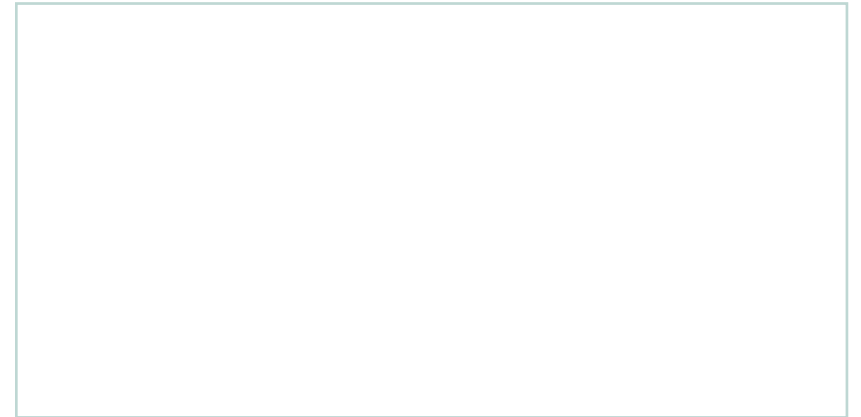

---

---

---

---

---

**Inferencias:**

---

---

---

---

---

---

---
