

THE NEW DEAL AT HOME ASSIGNMENT

Research different New Deal programs and projects that were implemented to combat the effects of the Great Depression. Then, research New Deal projects that were completed nearby and complete a short research paper over those projects.

Give a brief description of the project explaining which New Deal program was used to complete it and details on what the project entailed. Be sure to include who benefited from the project and what groups of people were targeted to work on it. Also, address the long-term benefits this project has had on the community.

Be sure to add pictures to give a visual representation of the project.
