

## FUNCTION MACHINE LEVELS – LEVEL 1

### Round 1

| Input | Output | What's the Function? |
|-------|--------|----------------------|
| 7     | 49     |                      |
| 0     | 0      |                      |
| 30    | 210    |                      |
| 25    | 175    |                      |

### Round 2

| Input | Output | What's the Function? |
|-------|--------|----------------------|
| 25    | 75     |                      |
| 32    | 96     |                      |
| 4     | 12     |                      |
| 13    | 39     |                      |

### Round 3

| Input | Output | What's the Function? |
|-------|--------|----------------------|
| 17    | 20     |                      |
| 0     | 3      |                      |
| 8     | 11     |                      |
| 45    | 48     |                      |

## FUNCTION MACHINE – LEVEL 2

### Round 1

| Input | Output | What's the Function? |
|-------|--------|----------------------|
| 34    | 15     |                      |
| 17    | 6.5    |                      |
| 49    | 22.5   |                      |
| 20    | 8      |                      |

### Round 2

| Input | Output | What's the Function? |
|-------|--------|----------------------|
| 22    | 45     |                      |
| 14    | 29     |                      |
| 18    | 37     |                      |
| 3     | 7      |                      |

### Round 3

| Input | Output | What's the Function? |
|-------|--------|----------------------|
| 13    | 59     |                      |
| 46    | 224    |                      |
| 23    | 109    |                      |
| 8     | 34     |                      |

## FUNCTION MACHINE LEVELS – LEVEL 3

### Round 1

| Input | Output | What's the Function? |
|-------|--------|----------------------|
| 26    | 143    |                      |
| 38    | 167    |                      |
| 22    | 135    |                      |
| 41    | 173    |                      |

### Round 2

| Input | Output | What's the Function? |
|-------|--------|----------------------|
| 16    | -32    |                      |
| 15    | -32.5  |                      |
| 20    | -30    |                      |
| 0     | -40    |                      |

### Round 3

| Input | Output | What's the Function? |
|-------|--------|----------------------|
| 40    | 449    |                      |
| 26    | 323    |                      |
| 12    | 197    |                      |
| 1     | 98     |                      |
