

# LET'S TALK ABOUT IT

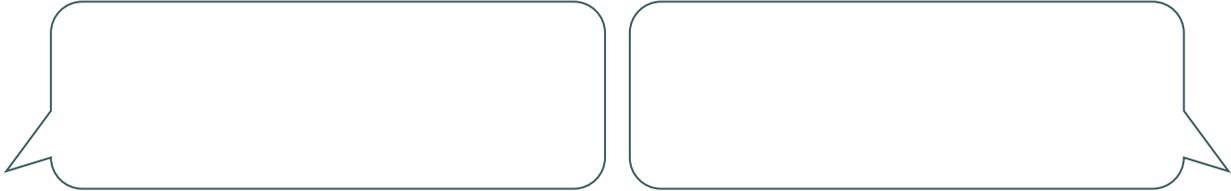

A Two-Voice Poem is meant to be an oral presentation with two partners. Each partner says their part then the chorus is the portion that is said together. Example: The "We are..." parts are said together at the same time.

Two speech bubbles for individual parts and one central rounded rectangle for the chorus.

A single wide rounded rectangle for the chorus.

Two speech bubbles for individual parts and one central rounded rectangle for the chorus.

A single wide rounded rectangle for the chorus.

Two speech bubbles for individual parts and one central rounded rectangle for the chorus.

A single wide rounded rectangle for the chorus.
