

MODEL AND REPORT RUBRICS

Use the following rubrics to create your model doll and write your report.

Model Rubric

Criteria	Needs Improvement	Meets Expectation
Your model is based on your own calculated proportions.		
Your calculated measurements are labeled.		
Your model reflects effort.		

Report Rubric

Criteria	Needs Improvement	Meets Expectation
Your report includes an explanation of what it means for two things to be proportional.		
Your report includes an explanation of how to determine whether two things are proportional.		
Your report includes three reasons why a toy maker or animator would need to understand proportions (or skew them) in their work.
