### Pre-flections

Spend 2 minutes responding to the following prompts:

- What type of jobs might you find in your local community?
- What do you expect to learn about the cost of living in your community?
- What relationships exist between hourly pay and living wage?

### Minimum Wage vs. Living Wage

Fill in the table with the minimum and living wage of your county. Then, write a linear equation representing a 40-hour work week and graph below.

County	# of adults / # of Children	Linear Equation
Minimum Wage		
Living Wage
