

## PRESENTATION RUBRIC

Criteria	Exceeds Expectations (4)	Meets Expectations (3)	Approaching Expectations (2)	Needs Improvement (0-1)	Points Awarded
<b>Title &amp; Group Member Names</b>	Title is creative, neat, and clearly connected to mutations. All group members listed.	Title is clear and connected to mutations. Most group members listed.	Title is present but plain or missing connection to mutations. Some group members are missing.	Title missing or incomplete. Group members missing.	
<b>Mutation Summary</b>	Clear, accurate 1–2 sentence summary of mutation. Easy to understand.	The summary is mostly accurate with minor errors.	Summary is vague, too short, or has noticeable errors.	No summary or inaccurate explanation.	
<b>Harmful, Neutral, Beneficial</b>	Correctly identifies the effect (harmful, neutral, beneficial) and explains why.	Correctly identifies the effect but explanation is unclear.	Mentions effect but incorrect or missing reasoning.	Effect not mentioned.	
<b>Type of Inheritance</b>	Clearly explains inheritance type with accuracy.	Mentions inheritance but somewhat unclear.	Inheritance mentioned but inaccurate.	Not included	
<b>Pictures or Diagrams</b>	Creative, clear, and labeled correctly. Helps explain concept.	Picture included and mostly correct.	Picture unclear, missing labels, or confusing.	Not included	
<b>Describes DNA to Protein to Organism Process</b>	Both original and mutated pathways shown clearly, correctly, and labeled	Both shown but with minor errors or missing labels	Only one pathway shown, or both unclear/incomplete	Missing both pathways	
<b>Presentation Quality</b>	Slides neat, colorful, easy to read, free of errors. Shows effort.	Slides neat, mostly readable, few errors.	Slides somewhat messy, text hard to read, or several errors.	Slides are messy, rushed, or incomplete
