

## EXPLORE INVESTIGATION

### HOW DO EARTHWORMS REACT TO MOISTURE?

What responses do you think the earthworms will exhibit and why?

---

---

---

Earthworms' Response	Observations (include the number that preferred this side)
Moved to <b>moist</b> paper towel	
Moved to <b>dry</b> paper towel	
<b>Unusual Behavior</b> (Earthworms did not move, or one or more worms had half its body on each side of the paper towels)	

Did your results support what you thought would happen?

YES

NO

Explain
