

THE ELEVEN GAME SCORESHEET

How to Play

1. Player #1 rolls all three dice. The scorekeeper adds one tally to Player #1's "Total Rolls" column below.
2. If the numbers on the dice total 11, the scorekeeper adds 11 to the player's score in the "Score" column below. If not, the player's score remains the same.
3. Player #1 passes the dice to Player #2. Repeat.

Additional Rules

1. The first player to 99 points is the winner.
2. The scorekeeper records all rolls, both winning and losing, in the "Total Rolls" columns below.
3. Players take turns when rolling the three dice.
4. A winning roll equals 11; all other totals are losing rolls.
