

WHAT NUMBERS WORK? (SEVENTH GRADE)

Inequality: $x < 5$

Works	Doesn't Work

Show the numbers that work on the number line.

Why do certain numbers not fit?

Inequality: $x + 2 \geq 6$

Works	Doesn't Work

Show the numbers that work on the number line.

Why do certain numbers not fit?

Inequality: $x \geq 7$

Works	Doesn't Work

Show the numbers that work on the number line.

Why do certain numbers not fit?

Inequality: $x - 4 \leq 11$

Works	Doesn't Work

Show the numbers that work on the number line.

Why do certain numbers not fit?
