

### 3-2-1

Reflect on your own knowledge using a writing strategy that asks you to identify the things you have learned and questions you still have.

**3**

What are **3** classroom activities that you could enhance with this technology?

---

---

**2**

What are **2** different ways that these technologies prepare students for a tech-driven world?

---

---

**3**

What is **1** hurdle that must be overcome when implementing these technologies in the classroom, and how do you plan on mitigating it?

---
