PROJECT-BASED LEARNING ACTION PLAN

Topic	
Standard	
Action Plan	*Consideration: What technologies can you include that are available in your school's makerspace?*
	Create an Entry Event with a problem or challenge:
	Design a driving question:
	Teach lessons that scaffold the problem and address the standards:
	Offer project ideas and allow student input:
	Tell students the project parameters and deadlines:
	Peer feedback on draft:
	Present a final product.
