

DIGITAL BREAKOUT HOW-TO GUIDE

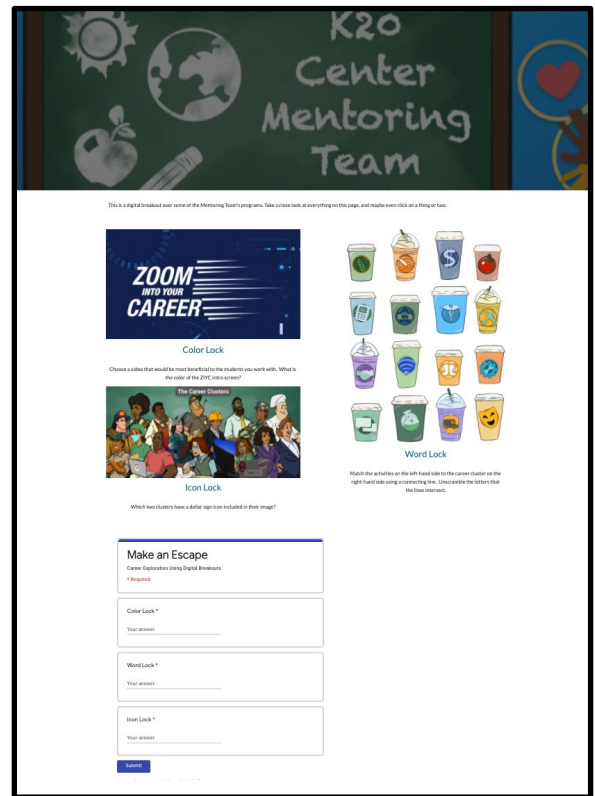

This digital breakout has three locks:

- Color Lock
- Word Lock
- Icon Lock

Navigating a Digital Breakout

This is a digital breakout about some of the Mentoring Team's programs. Take a close look at everything on this page, and maybe even click on a thing or two.

1. Each image in the digital breakout has been assigned a "lock" and has a guiding question.
2. Click on each image to explore some of our many resources available to you!
3. When you think you have the correct answer to the lock, type it into the Google Form at the bottom of the screen.
 - a. If you enter a code correctly, the code will be white.
 - b. If you enter it incorrectly, it will be red.
 - c. Too difficult? Perhaps an incorrect answer will lead to a clue.

Tips and Tricks for Google Draw

Matching and word scramble games can be fun when you know how to tackle the challenges!

1. The column on the left-hand side of the linked Word Lock activity features 16 hyperlinked student activities.
2. Click on the links to read a brief description of each activity and how it will help students on their career journeys.
3. Try to determine which career cluster this student activity would fall under. The career clusters are listed in order in the column on the right-hand side.
4. Using the line function in Google Draw, connect each activity with the appropriate career cluster. Unscramble the letters you drew a line through to create your Word Lock combination!
