

NOTES AND REFLECTIONS

Strategy Name	How was it used?	How can I use it?
Not Like the Others		
Strategy Harvest		
Question Formulation Technique (QFT)		

Reflection:

How can an increase in inquiry and discourse help my students?

What is one strategy I can integrate into my content within the next two weeks to encourage inquiry and discourse with my students?

Inquiry-Based Learning

	Meaningful Questions	Productive Discourse
What are Students Doing?	<ul style="list-style-type: none"> • Making distinctions • Asking and answering questions • Making claims supported by evidence • Investigating • Evaluating sources • Using and developing critical thinking skills 	<ul style="list-style-type: none"> • Justifying and revising claims • Considering multiple perspectives • Collaborating and discussing ideas to form shared solutions • Connecting learning to a bigger picture
What are Teachers Supporting?	<ul style="list-style-type: none"> • Learning guided by essential questions • Complex understanding through evidence and reasoning • Sustained focus on deeper learning of conceptual ideas • Understanding the complex nature of ideas and concepts • Curriculum connections 	<ul style="list-style-type: none"> • Solution-based and understanding-oriented conversation • Use of academic language • Dialogue that builds coherently on participants' ideas
