INSTRUCTIONAL STRATEGIES

Boards Up

Small groups compete to correctly answer the largest number of trivia questions.

BOARDS UP

Summary

This trivia game helps learners review information and provides practice for communication skills.

Procedure

Materials

- Small dry erase boards
- Markers
- 20 questions about the topic

Prep

Before the activity, generate 20 college-themed trivia questions using ChatGPT. Questions can cover topics such as campus history, programs, traditions, and fun facts.

Instructions

1. Divide participants into teams. Provide each team with a dry erase board, marker, and eraser.
2. The moderator reads one question aloud at a time.
3. Teams discuss their response and write their agreed-upon answer on their board.
4. When prompted with “Boards up!”, all teams raise their boards to show their answers simultaneously.
5. Award points for correct answers. Keep a running tally; the team with the most points at the end wins.
6. (Optional) Use the attached Reflection Questions to lead a discussion about what they have learned.
