AMPLIFY CLASSROOM

Summary

Amplify Classroom is a web-based software application that provides free access to digital activities like Card Sorts, interactive math graphs, etc.

Procedure

1. Go to classroom.amplify.com.
2. Log in or create an account.
3. Find or create an activity. To find an activity, select the **Content** icon in the left column. Or, to create an activity, select **My Stuff** in the left column.
4. Once you choose an activity, create a single session code: select the dropdown arrow next to the **Assign** button, then select "Create single session code." Follow the prompts and make selections according to your preferences.
5. Share the session code with your students.
6. Direct students to go to student.amplify.com/join and have them enter the session code.

Note: If you want students to be able to save their work in any activity they join, they will need an account. If not, they do not need an account.

Amplify Classroom. (2026). Welcome to Amplify Classroom. https://classroom.amplify.com/
