MAKE A MEME

Summary

Creating memes is a fun and engaging way for students to demonstrate their learning. Teachers can also use memes as a lighthearted way to call attention to classroom norms, to spark curiosity about an upcoming topic, or as an emotional check-in tool. Make a Meme has several established cultural references to choose from or you can upload an image to design your own.

Procedure

1. Go to Make a Meme.
2. Search for an established reference or scroll through the image thumbnails to find a template.
3. Select your image.
4. Type the text in the space provided.
5. Select the “Make the Meme” button.
6. Right click and select “Save Image As…“
