WORDWALL

Summary

With Wordwall, teachers are able to create custom resources for their classes that can be printed or completed digitally. There are pre-created templates that teachers can choose from when creating their interactive activities.

Procedure

1. Create an account on <https://wordwall.net>.
2. Click "Create Activity," and choose a template to use.
3. Add content-specific information to share with students to practice their skills.
4. Share your interactive activity by embedding the activity on the school's LMS, setting an assignment, or sharing the resource publicly.

Wordwall. (n.d.). Create better lessons quicker. <https://wordwall.net/>
