CLASSROOMSCREEN

Summary

Classroomscreen is an online tool designed to keep students on task and engaged. This free tool hosts a variety of widgets to help gamify the classroom, such as a group maker, scoreboard, dice, randomizer, and timer. Other widgets can be used to present text and videos, host polls, create a timetable schedule, or display visual cues for expected behaviors.

Procedure

1. Navigate to Classroomscreen.
2. Select “Try for free,” or “Log in” if you have an account. Accounts are not required but do offer additional features.
3. Choose the widgets you need. Multiple widgets can be displayed on one screen.
4. Each widget has its own settings (gear icon) to make adjustments as needed or a remove icon to delete it.
5. Select the right arrow at the bottom to add additional screens.
6. View available widgets or the Classroomscreen library of templates for more information.

Please note: The free version does not allow you to save and return to screens.
