K20 JAM

Summary

K20 Jam is a free, digital interactive whiteboard that can be used for a wide range of online learning activities. Both students and teachers can create new boards or access existing boards to add sticky notes.

*Note: K20 Jam is currently in its beta phase.

Procedure

1. Go to https://jam.k20center.ou.edu/
2. Choose between accessing an existing board, creating a new board, or continuing with a recent board.
3. To join an existing board, enter the board ID (note that the board ID is case-sensitive), and select “Join a board.”
4. To create a new board, enter a board name in the space and select “Create a board.”
5. To access recent boards, find the board you are looking for in the list of recent boards.
6. Once in the board, select the plus (+) in the upper left-hand corner to add a sticky note to your board. Adjust the note color and text or move the note by clicking and dragging.
