KAHOOT!

Summary

Engage students in competitive quizzes about any subject area. Have students create quizzes for their peers as they practice content.

Procedure

1. Go to kahoot.com and click “Sign Up” to create an account. Or, simply download the Kahoot app in your preferred app store.
2. Explore pre-created content, and then explore with creating your own.
3. When your quiz is ready, have participants go to kahoot.it on their own devices.
4. Get ready to compete!
